LOCAL MATTERS.

Attention, Citizens.

Believing that the best interests of our city demand the selection of city officials with sole reference to their ability and integrity, and believing that the license fee for the retailing of intoxicating liquors in this city ought to be increased, we hereby call upon all of our fellow citizens who coincide with the views herein expressed to meet at common council chamber on Wednesday evening, March 19, at 7:30 o'clock with a view to the coming election.

MANY CITIZENS.

WANTED—March 18th, 10 experienced girls for assorting tobacco. Apply at warehouse next to Coling & Wray's shop.

Until further notice we will sell at the following prices delivered to any part of the city: Feed, \$1.00 per 100 pounds; meal, 95 cents per 100 pounds; corn, 50 cents per bushel. Duty & McKay, North Main street.

Two Girls Wanted—One to do first work and one to second work. Inquire of Mrs. H. D. McKinney.

For Sale—160 acres of choice farming land in Kingsbury county, Dakota, located 1 1/2 miles south of the town of Irons on the C. & N. W. R. R.

CAMPBELL & STEVENS.

Until further notice we will sell at the following prices, delivered to any part of the city: Feed, \$1.00 per 100 pounds; meal, 95 cents per 100 pounds; corn, 50 cents per bushel. Duty & McKay, North Main street.

No crumpled cooking crocks given away at Wheelock's after March 31st.

Miss Ella A. Lugg will give lessons in music on the piano or parlor organ. Having had experience in teaching, she feels confident of giving satisfaction. Please apply at No. 50, West Bluff street.

Bargains in Hamburg embroideries. Complete assortment at New York Savings Store.

Pay no more high prices for seine twine. Colored 10 cents, white 8 cents per ball at Chicago store.

Seine cord for tidies, etc., all colors and sizes at New York Savings Store.

Brainard's medicated wood feathers, and pillow down, for sale at the second hand store of Sanborn & Caniff. Also six walnut, birch, ash, veneered, black oak chairs and rockers to match.

Bridal.

—Knights of Pythias night.

—Marshall Hogan made three arrests last evening.

—The indications are that a rain storm is near at hand.

—Western Star Lodge No. 14, F. and A. M., occupy Masonic hall this evening.

—The musicals of Mrs. Lizzie Bantiff and her pupils will take place at her music room this evening.

—Mr. and Mrs. W. S. Follenbea will spend the summer with their son, now residing at Charles City, Iowa.

—El Henry's operatic minstrel troupe are being billed for the opera house on Monday evening of next week.

—Mr. George K. Steele, the advance agent of the Burr Robbins New Consolidated Shows, is in the city.

—The Merry club will give a dancing party on April 18th, at which Smith & Corbiss' band will furnish the music.

—Mr. Cliff M. Wells, who for some time past has been editor and publisher of the Exchange Review, was in the city to day.

—Municipal court—one tramp, one day in jail; one drunk, five days in jail, and another drunk ten days in jail—all to day.

—Mrs. Helburn, of New York, mother of Mrs. Fred Sonneborn, is in the city and will spend the summer here with her daughter.

—City Attorney L. M. Hyzer telegraphed from Springer, New Mexico, this morning, that he had arrived at that place all right and well.

—Rev. C. E. Goldthorpe, pastor of the First M. E. church, and wife, went to Milwaukee yesterday, where they will spend a few days in seeking rest.

—An old German lady, named Jennie, died at her home in Hanover last evening, aged eighty-one years. Her funeral will be held at the church in Hanover on Thursday morning at 10 o'clock.

—The Mutual improvement club held an interesting meeting at the residence of Mr. and Mrs. F. C. Cook, third ward, last evening. The attendance was quite large and the study of Browning was the order of the evening.

—Mrs. E. F. Hunting, of Lincoln, Ill., is in the city visiting Mrs. Dr. St. John. Mrs. Hunting formerly lived in Janesville, and her return to this city after an absence of several years will delight her many friends here.

—The Temple of Honor will give another one of their popular social parties in Apollo hall on Friday evening, March 22nd. Parties holding invitations to the last social will consider themselves invited to this one.

—Mr. E. B. Bades has about completed his business in this city in connection with his "Illustrated History of Janesville," and will go to Chicago to-morrow, and thence to Rockford, where he will publish a similar paper giving a history, etc., of that flourishing city.

—The funeral of the late Mrs. Kommit, whose death was noticed in last evening's Gazette, took place at St. Patrick's church at 9 o'clock this morning. Rev. Father McGinnity officiating. The service was attended by a very large number of sympathizing friends of the family, and the procession which followed the remains to the Catholic cemetery was near a half a mile in length.

—Mr. L. H. Bros, of Pierre, Dakota, called here to attend the funeral of his wife on Sunday last, returned home to day. Mr. Bros was for some time manager of the city telegraph office in this city, and afterwards had charge of the office at the Northwestern shops here at the time Mr. Webber was the foreman. He is now engaged in the stock business between Pierre and the Black Hills.

—There was a large assemblage at St. Patrick's church, last evening, to listen to the lecture delivered by Rev. Father McGinnity, on Ireland. It was full of interesting facts; and the place and the occasion, necessarily aroused a spirit of enthusiasm and reverence for Ireland and St. Patrick. The American flag, and the Irish banner, were conspicuously displayed, which were fittingly referred to by the speaker, in the course of his remarks.

—Rev. C. B. Wilcox, pastor of the Court Street M. E. church, united Mr. Nicholas Van Derwerker and Miss Fannie Clyde as husband and wife, at the home of Mr. E. A. Clyde, brother of the bride. Both of the parties are from Otego county, New York. The ceremony was performed in the presence of a number of intimate friends, all congratulating the happy pair and wishing them a long and prosperous life. The bride received some very handsome and useful presents.

—The Women's Foreign Missionary society of Court Street M. E. church held their anniversary meeting yesterday afternoon. The order of exercises consisted of reading essays and the scriptures, which was very interesting to those present. At this meeting and at the stereoscopic exhibition in the evening, the sum of \$80 was added to the missionary fund. The ladies are under obligations to Dr. S. H. Gish for the greater part of this success.

—Mr. Fred. Sonneborn and family returned from the east yesterday. While in New York Mr. Sonneborn purchased a large and excellent assortment of cloths and clothing. The suitings embrace the most popular patterns and styles of the season; and the ready-made suits are among the finest ever offered to the public in Janesville. The goods are being received at Mr. Sonneborn's clothing house, and an inspection of them will satisfy anyone that his stock is splendid in more than one particular.

—The meeting of the members of the fire department, last evening, at the west side engine house, for the purpose of recommending to the common council for appointment, suitable persons for chief engineer and assistants, was the most harmonious meeting ever held.

The election was by acclamation, there being not a dissenting voice. The old officers were all re-nominated. For chief, James Foster; for first assistant, Thomas Matson; and for second assistant, Oha. Horn. The result of the meeting was communicated to the common council last evening, and that body immediately confirmed the action of the department.

—The stereoscopic exhibition given last night at Court street church by Dr. Gish, gave quite a large audience a very pleasant entertainment for one hour and

a quarter. The views were thrown upon the canvas in admirable shape, and among the large number exhibited were those giving the greatest objects of interest in this country and in Europe. In the collection shown last night were some splendid representations of sculpture, both modern and antique, and also several fine copies of masterpieces of painting. The doctor has an excellent collection of views, and through his unselfishness and public spirit, the people of Janesville have had several opportunities to see them.

—Mr. George M. Branninger, of this city, has just received letters patent for a new improvement in boiler-water purifiers. The invention consists of a series of purifying pans, arranged one above another in a vertical position, and lying one upon another in the order of their arrangement. These pans are perforated or pierced with a hole in the center, in which a tubular shaft or coupling rod is inserted, and operates as a binder to hold the pans in place. The object of this purifier is to separate and secrete the lime and other sediment from the water to be used in the boiler, whereby such lime and sediment is prevented from entering such boiler. Mr. Branninger has invented a very useful purifier, and those using steam boilers will undoubtedly find to their interest to give it some attention.

—The common council held their regular semi-monthly meeting in the city hall last evening, at which the president, S. B. Kenyon, occupied the chair; all of the aldermen being present except Ald. McLean.

The journal of the last meeting was read and approved.

A communication was read from the fire department, transmitting the result of the election of engineers—James Foster as chief engineer; Thomas Matson as first assistant; and Charles Horn as second assistant. The document was referred to the committee on fire department, and subsequently reported back by Ald. Potter, and on his motion the officers were confirmed by the council.

The liquor license held by J. McCulloch, was authorized to be transferred to C. W. Wilson, of the Central house, and that held by Wm. Vesely to F. C. Stillson.

The report of the board of education for February showing expenditures of \$1,556.60, was presented and found to be correct. Ordered published and filed.

The February report of the city marshal, showing two arrests during the month, was also found to be correct, and placed on file.

A petition from sixteen citizens, asking for a sidewalk on Race street, between Jackson and Academy, was read and referred to the aldermen of first ward.

The following report of the chief engineer of the fire department was read, and on motion of Ald. Potter, was placed on file.

To the Honorable the Mayor and Common Council:

I herewith submit my annual report of the fire department from March 15th, 1883, to March 15th, 1884.

During the year there have been five fires, resulting in a loss of about \$24,500, upon which there was about \$50,000 of insurance. The most disastrous fire which has occurred in this city for many years was that on Sunday evening, January 18, 1884, which destroyed the Baptist church, the loss being about \$24,500, upon which there was about \$50,000 of insurance. The most disastrous fire which has occurred in this city for many years was that on Sunday evening, January 18, 1884, which destroyed the Baptist church, the loss being about \$24,500, upon which there was about \$50,000 of insurance.

The character of the losses from the fires of this year is very marked and exceptional as the remedy itself is among medicines. They come from common accidents, careless people, who are not very careful, and do not take stock in remedies without virtue.

For instance, J. S. Carr, the president of Blackwell's Durham Tobacco Co., writes: "Have known Anthonio's to give relief in the case of Neuritis in hand and face. I understand the remedy, and it to persons suffering with Neuritis and Rheumatism. This is the first time I have ever given for any preparation that I deem it a duty."

The funeral of Mrs. Nancy Wilcox took place at the family residence on Milton avenue at ten o'clock, the Rev. Dr. Dodge, assisted by the Rev. O. B. Wilcox, officiating. The doctor delivered a most appropriate and interesting discourse, touching the beautiful life and Christian character of the deceased. Connected with the solemn service was music given by Mrs. J. W. St. John, Miss Fannie Ray, Mr. Homer Rice and Mr. Smith. The pall bearers were J. B. Carle, A. Devey, George Elford, W. D. Cargill, W. H. Wilcox, and A. C. Rosseque. The remains started on the 12:25 train for Diamond Lake, Lake county, Illinois, for interment.

In your days of biliousness, when your liver is torpid and your skin yellow, remember you have a never-failing friend in Dr. Jones' Kidney and Bladder Pills. In the city will have to be purchased this season, as our "good" hose will not stand the required pressure for that purpose many times. I am of the opinion that it is better for this people to build up a hose and buy less hose, than the purchase of hose will pay for building all the cisterns required.

About one year ago the hose company has procured a horse to draw their

carriage, which I think was a good thing for the department and its efficiency. The cars now in use were made to be drawn by men, and are too light and antiquated to be drawn by horses. They do not carry a sufficient quantity of hose, and I would recommend that two or three horse carts be purchased; carts which are made for use at the present day.

In regard to the rubber coats for the fire department, the city paid the sum of seventy-five dollars for coats. There have been many complaints that the members in some cases, abuse this liberty on the part of the city, and to avoid any such abuse on the part of the members, I would recommend that the city, in lieu of purchasing rubber coats, allow each man the sum of two dollars per year for such purpose, to be used by the foreman of the company in keeping the supply of coats in order in each company.

The engine, hook and ladder, and other accessories, with the exception of No. 1 ladder, are at present in good repair. Extensive repairs to No. 1 ladder will soon have to be made or a new ladder purchased. The department is in need of a set of lanterns, and as this is a very difficult question to settle as to what pattern, I hope you will give it some attention.

One thing above all others, I desire to recommend, and that is the purchase of a heavy ladder for use in the business portion of the city; a ladder that its use will not endanger the lives of the men who have to use it. Such a ladder could be kept at the fire engine house, and ready to be taken out in case it may be needed, and not be carried on the truck at all times. The chief engineer, as the head of the department, is compelled to see to the furnishing of supplies, etc., for the department, and for the convenience of all, I ask the common council to furnish that officer with a blank order book, one made for the purpose, on which the bill for articles ordered will be accompanied by the order.

In conclusion, I return my thanks to your honorable body for the many courtesies extended during my official life, to my assistants, as also to the individual members of the fire department and other branches of the city government, not forgetting our worthy marshal and night watchmen.

Respectfully submitted, JAMES FOSTER, Chief Engineer.

The clerk read a miscellaneous lot of bills which were appropriately referred to Ald. Smith, from the finance committee, reported back the treasurer's report for the month of February as correct. Placed on file.

Also that the committee had found the following bill correct, and recommended their allowance:

GENERAL FUND.

New City Manufacturing Company, taking down wind mill, \$220

S. B. Kenyon, commission for election, \$50

E. B. Lawrence & Co., stationery, \$13

Death of Mrs. G. W. Lawrence.

Our readers will be somewhat surprised, as well as deeply grieved, at reading the announcement of the death of Mrs. Maria Lawrence, wife of Rev. G. W. Lawrence, of this city, which said event occurred at her home, on South Main street, last evening shortly after eight o'clock.

Mrs. Lawrence had been in poor health for some time past, but not until two weeks ago last Sunday was she compelled to take to her bed. Her condition soon became alarming, and her son, Prof. Wm. M. Lawrence, who resides in Milwaukee, was sent for. The patient commenced to gain strength, and only yesterday morning she told her husband she was feeling better. This led the family and friends to believe that she would recover. Her death was therefore unexpected by those who were watching by her bedside, and was somewhat of a shock to all.

"Deceased" was born October 1st, 1811, at Byde, Vale, Wiltshire, England. Her maiden name was Maria Moore. The family came to this country about 1825, and settled in Montreal. Mrs. Lawrence came to Aurora, Ill., in 1842, to make her home with her sister, Mrs. Dr. Eastman. Mr. and Mrs. Lawrence were united in marriage at Aurora, July 17, 1846. They removed to Janesville, December 25, 1847, and settled in the house where she died. Her long residence in this city had won her an extended acquaintance, and there was no woman truer to her home and duties than she. Her death is a severe shock to her husband, who is now suffering from the gradual encroachments of the infirmities of age, hastened by his busy life. The bereaved family consists of the husband and two sons, Prof. W. M. Lawrence, of Milwaukee, and Edward E. Lawrence, of Kansas.

The funeral services will be held at All Souls church, Thursday afternoon, at 1:30 o'clock. Rev. H. Slade, of White-water, officiating. Friends and relatives will meet at the family residence at 1 p. m.

Griggs' Glycerine Salve.

The best on earth, can truly be said of Griggs' Glycerine Salve, which is a sure cure for cuts, bruises, scalds, burns, wounds, and all other sores. Will positively cure piles, tetanus, and all skin eruptions. Dry the water healer. Satisfaction guaranteed or money refunded. Only 25 cents. For sale by Stearns & Baker.

Street Railways.

Something was said a few weeks ago about a party coming here from Racine, to try and erect a little trolley system in the way of a street railway. The Gazette treated the matter as a joke, at the time, and wondered how such a report started.

A visit to the flourishing little city on the lake, a few days ago, convinced a representative of the Gazette, that enterprise was not lacking, and that possibly the man who planned and caused to be put in operation the little track that permebrates the one business street and goes out in the country at both ends to turn around, might be willing to spend a little of his energy in inducing most any small city to load up with a procession of street cars.

Racine is indeed a wonderful city, and worthy of more than passing notice. Its manufacturing interests, in some lines, far surpass anything in the state, and too much can not be said in praise of the men, who, with their money, and energy have brought into active service the possibilities that are so often allowed to lie dormant in towns of similar size. The huge factories that cover block after block of ground, (that would otherwise be waste and useless), and filled with hundreds of men, who are furnished employment year after year, speak volumes for the thrift and enterprise of the city. Standing by the side of one of these large factories, located in the outskirts and looking off toward the setting sun, was noticed an old gray horse coming in from a country road; a large car loomed up behind him, and a nearer approach revealed a driver, loomed up in front. The car was not crowded; in fact, a close inspection revealed a good deal of emptiness, and as a lone mule was dropped into the cash box and rattled down on the tin bottom, a ball-punch was not in demand to keep it from becoming mired up with other mules. As the derry started joggled along in the mud, the driver looked forward; he possessed good health, a genial, pleasant face, a liberal stock of courtesy, and said he only looked passengers to make life happy. Sunday was a gala day as many as a dozen people have been known to ride with him on a single trip, and he thought as soon as the grass started in the spring, so that the horse could be turned out, that the business would be in a booming condition. He was entitled to sympathy and company, and as he stepped at the turn table to cool off a hot box was advised to try the married state. Janesville, half the size of Racine, possesses some things that the latter city lacks. We are proud of our cotton factories and other manufacturing interests, but never will our ambition be fully satisfied, until 'standing on the summit of Quality hill' in the third ward, and looking off towards the west over the beautiful valley, dotted with the homes of our peaceful citizens, shall be recognized on lone rock at Montoury the stationary engine, whose motive power, supplied by a belt attached to the new woolen mill, moves with ease our street cars heavily laden with eager passengers on their way to the Gipsy camp near the blind institute. If an arrangement could be made with the Gipsies to tarry in camp during the summer months, this sort of a street railway might be made to pay a dividend sufficient to keep the belt in repair, and possibly furnish oil for the machinery. Capitalists would do well to investigate.

Our Recent Blessings.

Our blessings are not appreciated until we are deprived of them. Most notable among them is health, the lack of which makes one an other burden. A hacking cough, a severe cold or any throat or lung disease is very troublesome; but all these may be quickly and permanently removed by Dr. Bigelow's Positive Cure. Trial bottles free, of Stearns & Baker.

The Weather.

At seven o'clock this morning the thermometer registered 32 degrees above zero. Cloudy with northeast wind.

On a clock p. m. the register was 41 degrees above zero. Cloudy with northeast wind. For the corresponding hours one year ago the register was 34 and 20 degrees above zero.

We have the best assortment of celluloid trusses in the city. A guaranteed. STEARNS & BAKER.

A Temperate but Satisfying Drink.

There has been of late years a demand for roasted coffee of the best quality as to bouquet and strength in the cup. Dealers, in their efforts to supply this demand, have ordered all sorts of combinations, such as Mocha and Java, Maricao and Java, &c., &c., without obtaining the elixir they sought. We take pleasure in informing our readers that after many years of search in the markets of the world, Messrs. Bell, Conrad & Co., the enterprising and reliable tea, coffee and spice men of Chicago, have secured a coffee that is a breakfast in itself. This coffee is their Plantation Java, which we take pleasure in recommending to our readers as the finest coffee grown, possessing strength and flavor, the two essentials of a perfect coffee. This Plantation Java is strictly a private growth, and by special arrangement Messrs. Bell, Conrad & Co. will control all that
